Tender Greens – Spiced Baby Carrots

2011 GOOD FOOD AWARDS PICKLES WINNER

Luca Banfi of Tender Greens sources the carrots for his Spiced Baby Carrots from Suzies Farm, a local farm in the San Diego area. He visits most of the farms Tender Greens partners with and is therefore able to work with the farmers and help them adjust their practices. The restaurant is a big customer for the local farmers and consequently, has a large influence on their farming practices. Tender Greens tries to buy as much produce from the Point Loma farms in order to revitalize the local agricultural landscape. Luca hopes to see an increase in pickle production and subsequently, an increase in pickle consumption.
